

Hartford Healthcare's Center for Education, Simulation, and Innovation ("CESI")

CESI has a long and successful track record of providing healthcare industry clients with a wide array of advanced R&D services and simulation-based medical education programs. CESI welcomes all BioCT members to schedule a visit to CESI to meet its leadership, tour its 53,000 sq. ft. medical education / training facility, and discuss the myriad ways in which CESI supports and helps advance the healthcare industry's business objectives. To help support Connecticut's healthcare sector, CESI is pleased to offer a 20% discount for CESI services to BioCT members who do not yet have a marketed product and who have less than 40 employees.

Contact Britta Raczkowski at Britta.Raczkowski@hhchealth.org to set up a visit.
